Subject: API conference call

Julia:

I'm writing a story on an API conference call, which accuses EPA of sloppy workmanship in regard to the testing of water well samples in Pavillion Wyo. and would like to give the EPA a chance to respond.

Please be advised that I'm writing for a real-time news service and plan to file a story shortly.

I can be reached by phone at 713-658-3229 or by replying to this email. Thanks for your response to this request for comment. I look forward to hearing from you soon.

BTW. I have not yet received the statement you promised me last week on the Region 6 letter to oil and gas associations.
